

## PLUMBERS FOR PUPPIES

With our recent economic state there have been an alarming number of dogs that are abandoned on a daily basis because their former families could no longer afford to care for them. These dogs that were once family pets have either been turned into the local pounds or shelters or, in the worst case of desperation, just let loose to fend for themselves. Many of these dogs end up in pounds where they are given a certain number of days to be adopted or they will be put to death.

Bishop Plumbing Inc., is inviting our customers to join us in our plight to save these endangered dogs. We currently have four dogs available that we saved from a dog pound in Paris, Illinois. Please take a moment to learn about these dogs and call our office at 847-824-1800 if you are interested in making either of these dogs your new pet.

He is two years old and is mostly Lab with a little hint of Chow thrown in. Poor Skeeter tested positive for Heartworm and is currently being treated for it. Once his treatment is complete he will require 3-6 months of rest and relaxation. Please call us today to make arrangements to meet Skeeter! After all he's been through he deserves a great forever family!

**Update:**

**Lucky was adopted from the Buddy Foundation and we received a letter from his new "mom":**

**"Dear Kristina,**

**I'm writing this thank you on behalf of my family and my pup named Lucky. If it wasn't for you, Lucky wouldn't be living the wonderful life he has now in Arlington Hts. In fact, he probably wouldn't be living as he was taken by you people from a kill shelter in Paris, Illinois, and brought to the Buddy Foundation. As fate would have it, we just lost our own dog due to her old age and my grieving son went to work as a**

volunteer at the "Buddy". It was there that Lucky adopted my son as his significant person. As you guessed, we visited the shelter and I was taken back at how much Lucky wanted someone to love. So there you have it, the rest is history. So I just wanted you to know what you're doing is so wonderful and how it has affected our family. Thanks for all you do for the pups!"

**Meet Patch:**

Patch is Lucky's brother and is a male mixed breed and is thought to be part Boxer. He is 2 years old. Patch loves people and loves attention. He gets along well with other dogs and will be neutered and up to date on shots.

## Meet Lucy:

Lucy is female chocolate lab. She is believed to be purebred. Lucy was found wandering around and no one came to claim her. It is also known that she had a litter of puppies within the last couple of months. Lucy has a sore left hip that should not pose any serious issues, however, she cannot be used as a hunting dog. She is extremely laid back and loves to cuddle! Lucy gets along great with other dogs, but does not like cats. Lucy will be spayed and up to date on shots.

**UPDATE:** Lucy was adopted by Kristina Curran. Kristina's kids renamed her "Bailey". Bailey loves her new family and absolutely loves her English Mastiff siblings, Dixie and Giacomo. There are many days that Bailey can be found hanging out with the M.O.B. at the Bishop Plumbing office.

## Meet Delilah:

Delilah is a three year old Bloodhound/Golden Retriever mix. She was kept outside her whole life by her previous owner and when they decided they didn't want her anymore

that called the shelter (knowing it was a high kill shelter) and told them to come pick her up. She is a plump, medium sized dog that loves to sleep. She also LOVES kids and all the attention that she can get! Delilah is up to date on shots, micro-chipped and has been spayed.

**UPDATE: Delilah struck gold with her new forever family. She went from living outside with her previous owners to living in the lap of luxury with new owners. Thank you to the Costello family for giving Delilah her much deserved forever home!**

Jack is approximately 1 to 1 1/2 years old and approximately 50 pounds. He was abandoned at the kill shelter for reasons unknown.

Jack is a Lab/Boxer mix with very interesting black and white markings.

Jack is very shy when he first meets you, but once he warms up he will be your friend forever!

Jack does get along with other dogs, but because he craves and loves attention he may be best suited in a home where he is the only dog.

Jack has been neutered and is current on his shots.

Please call us at 847-824-1800 to arrange a meeting with Jack.
